Accommodations | A Luxury Hideaway in the Woods

The 60-acre property features 64 luxury canvas tents set among the trees and oriented around a lodge featuring a bar and restaurant, store and curated experiences.

Terramor's double occupancy tents feature one queen bed. The four-person, two-bedroom tents, designed for families or groups of friends, have one queen bed plus a set of bunk beds. All but our Alder Tents come with in-suite bathrooms, and our Moosewood and Hemlock Tents have private outdoor showers for those who want to enjoy a steamy shower in the open air under the white birch trees.

Each tent is equipped with electricity and Wi-Fi and designed to accommodate Maine's weather with both an overhead fan and heated blankets available inside, however there is no air conditioning or furnace within the tents. To keep nature outside, natural light pours in through screened porches and windows built into each tent site.

BIRCH TENT: Our Birch Tent brings everyone together. This five person tent includes a king bed and bunk bed (double on the bottom and twin on top) with upscale linens and overhead fans. With a connected bathroom and private fireplace the Birch tent allows families and friends to experience Terramor in a world of their own.

BAYBERRY TENT: The Bayberry Tent is perfect for couples to experience Terramor in their own secluded get-away. The tent includes a king bed with an overhead fan and an upscale, private bathroom. The Bayberry also comes with a private outdoor fire experience and relaxing outdoor furniture.

ALDER TENT: With a large patio that looks out towards The Field, the Alder tent is great for groups and families that want a more communal experience. The tent accommodates up to 5 people with a beautiful queen bed and three twin beds to accommodate extra guests or children. The most rustic of Terramor's tents, this tent does not have a private washroom. A beautiful

bathhouse with granite counters and modern private shower facilities is just steps away, with the furthest Alder tent located less than 175' to the restroom.

HEMLOCK TENT: For those looking for the utmost in intimacy, these one-bedroom retreats offer a dreamy king bed with overhead fan plus an upscale connecting bathroom. The real plus is the Hemlock's outdoor secluded shower, allowing guests to experience nature in its purest form. In addition, you'll find a private fire-ring with seating just outside your canvas door.

MOOSEWOOD TENT: Two beautiful bedrooms offer friends or families the ultimate in an elevated outdoor experience. The Moosewood has it all, including one king bed, and a bunk bed (double on the bottom and twin on top) an overhead fan, plus an upscale bathroom with an indoor shower. For those wishing to experience nature in its purest form, the secluded outdoor shower is a refreshing additional option. And at night, everyone will enjoy the private fire-ring with outdoor seating.
