Accommodations

The 60-acre property features 64 upscale canvas tents set among the trees and oriented around a lodge featuring food service, as well as a bar, store and guest services.

Terramor's double occupancy tents feature one king bed while the five-person, two-bedroom tents, designed for families or groups of friends, have one king bed plus a set of bunk beds with a double on the bottom. All but our Alder Tents come with in-suite bathrooms, however each Alder tent has a beautiful private bathroom and shower located just steps away in our bathhouse. Our Moosewood and Hemlock Tents have private outdoor showers for those who want to enjoy a steamy shower in the open air under the white birch trees.

Each tent is equipped with electricity and Wi-Fi and designed to accommodate Maine's weather with both an overhead fan, portable heater and Pendleton Blankets available inside; however there is no air conditioning or central heating within the tents. Each tent is equipped with a portable heater to help keep you warm on the cooler nights. To keep nature outside, natural light pours in through screened porches and windows built into each tent site. For those looking to enjoy a campfire, complimentary firewood and a fire starter is provided throughout your stay.

BIRCH TENT: Our Birch Tent brings everyone together. This five-person tent includes a king bed and bunk bed (double on the bottom and twin on top) with upscale linens and overhead fans. With a connected bathroom and private fire pit the Birch tent allows families and friends to experience Terramor in a world of their own.

BAYBERRY TENT: The Bayberry Tent is perfect for couples to experience Terramor in their own get-away. The tent includes a king bed with an overhead fan and an upscale, private bathroom. The Bayberry also comes with a private outdoor fire pit and relaxing outdoor furniture.

ALDER TENT: The Alder is the perfect fit for groups and families that want a more communal experience. The tent accommodates up to five people with a beautiful queen bed and three twin beds to accommodate extra guests or children. The most rustic of Terramor's tents, this tent does not have an in-suite bathroom. However, each Alder does have access to their own private washroom in our beautiful bathhouse with granite counters and a modern private shower, just steps away. The furthest Alder tent is located less than 175' to the restroom. Guests can enjoy a private fire-ring overlooking the beautiful pavilion each evening.

HEMLOCK TENT: For those looking for the utmost in intimacy, these one-bedroom retreats offer a dreamy king bed with overhead fan plus an upscale connecting bathroom. The real plus is the Hemlock's outdoor secluded shower, allowing guests to experience nature in its purest form. In addition, you'll find a private fire-ring with seating just outside your canvas door.

MOOSEWOOD TENT: Two beautiful bedrooms offer friends or families the ultimate in an elevated outdoor experience. The Moosewood has it all, including one king bed, and a bunk bed (double on the bottom and twin on top) an overhead fan, plus an upscale bathroom with an indoor shower. For those wishing to experience nature in its purest form, the secluded outdoor shower is a refreshing additional option. And at night, everyone will enjoy the private fire-ring with outdoor seating.
